Applicant : Mary J. EATON  
Filed : October 14, 2005  
Title : ISOLATED/CLONED HUMAN NT2 CELL LINES  
EXPRESSING SEROTONIN AND GABA  
Group Art Unit :  
Examiner :  
Atty. Docket No. : US 1442/05(VA)

**DECLARATION REGARDING DEPOSIT OF MICROORGANISMS**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Dear Sir:

I, Mary J. EATON, the inventor of the subject matter claimed and set forth in the above-identified application, do hereby state and declare as follows:

A deposit of the cell lines hNT2.17 and hNT2.19, subject of the present invention, was made under the terms and conditions of the Budapest Treaty, with the American Type Culture Collection (ATCC), located at 10801 University Blvd., Manassas, Virginia 20110-2209, on October 12, 2005, under Accession Nos. PTA-7154 and PTA-7153, respectively.

The deposited material are the same cell lines as that which were identified in the application as originally filed.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Date:

8/22/06
